2022 ANNUAL REPORT

Sunrise Children's Association Incorporated

Bringing a brighter future to the children of Nepal

www.scai.org.au

A message from our CEO

I would firstly like to sincerely thank all our dedicated supporters, who after facing various challenges over the last couple of years due to the Covid pandemic, have not wavered in their very generous support of our important work in Nepal. This meant we could continue to provide a high level of care for the children in Sunrise Home and respond quickly to requests by the National Child Rights Council (NCRC) to take in rescued children following cases of abuse, abandonment, and neglect. It meant we could continue to support the education and other basic needs of the children who have been reintegrated back into their families and the hundreds in the education scholarship programs, to minimise the risk of being trafficked or unnecessarily separated from their families. It also gave us the chance to fulfil our commitments to the children's families and implement the parts of the livelihood development programs that were delayed due to a series of lockdowns in Nepal over the previous year.

Overall, 2021-22 saw continued positive progress. 53 more children successfully graduated from school, and most have gone on to further study under our ongoing support. Many of their families continued to improve their livelihoods, through making savings and taking loans from the SCAI facilitated savings groups and attending further small business and skill development trainings. None of this would have been possible without the ongoing dedication and hard work by our team in Nepal, to whom we are extremely grateful.

2022-23 sees the final year of our current five-year Project Agreement with the Government of Nepal, and we are working hard to consolidate the efforts of the last 4 years, to ensure the children and families we have been supporting throughout this project period are able to sustain themselves once our support ends.

This year we will also start planning our next five-year project period in close collaboration with our project partners and key stakeholders. Our focus will continue to be on protecting, educating, and empowering children and their families through formal and informal education and training programs, so the children can grow up in safe, nurturing family environments where they can thrive, and they and their families can create brighter futures for themselves.

Once again, I would like to sincerely thank all our dedicated supporters, and our dedicated team in Nepal who, through a shared vision for these vulnerable children, continue to respond to their needs and desires in an effective, efficient, and heartfelt manner. We hope you will continue to be inspired by the efforts and achievements of the children and their families and remain on this journey with us.

Sincerely,

Emma Taylor
Co-founder and CEO

The issues facing the children of Nepal

Nepal continues to be the **3rd poorest** country in Asia[1]. Whilst Nepal has reduced multidimensional poverty from 30% of the population to 17.4% since 2014[2], **44% (2.2 million) of people living in multidimensional poverty are children, which represents 22% of all children in Nepal[3].**

The Multidimensional Poverty Index (MPI) is made up of 5 indicators: nutrition, child mortality, years of schooling, housing and assets[4], and indicate there is still a **severe lack of proper access to education and basic needs.** This is not only a significant child rights issue, but results in various negative consequences. Further,

- Nepal still has one of the highest rates of child marriage in Asia, with **over 33%** of 20–24 year-olds reporting they **were married before 18 years[5].**
- **Over 11,3816[6] children continue to reside in orphanages** or other similar institutions, of which it is estimated around **85% are not orphans.**
- **1.1million children** 5-17 years are still engaged in child labour**,** with over 222,000 being hazardous[6]

Our programs are designed to address the root cause of these issues

About Us

Sunrise Children's Association Incorporated (SCAI) is an independently funded, not-for-profit organization founded in Australia in 2005, and registered as an International Non-Government Organisation (INGO) in Nepal in 2007. Through our branch office in Nepal, we work with local Nepalese NGOs, local authorities and communities to protect, educate and empower some of Nepal's most vulnerable children and their families. We have a strong belief in prevention and the rights of the child.

Our Values

- Non-discrimination
- Child focused
- Active participation
- Empowerment
- Partnership
- Sustainability

Our Vision

To see all children grow up in a safe, nurturing family environment, where they are loved, valued and respected and have an opportunity to reach their full potential, free from poverty, abuse and neglect.

Our Mission

To prevent trafficking and unnecessary separation of vulnerable children from their families, through empowering them with education, training and livelihood development support.

Our Core Programs

- Education Scholarship and Livelihood Development Programs
- Sunrise Home
- Reintegration Program
- Community School Development

Summary of our Impact 2021-22

$313,738 Income

$384,349 Expenditure

352 Education scholarships provided

29 Children cared for at Sunrise Home

9 Children reintegrated back into their biological families

303 members (parents/guardians) in savings groups

45 Children supported in the Reintegration Program

53 more youth completed secondary school

212 guardians undertaken Skill Development Training

5 more youth finished year 12

153 guardians took loans from savings groups to develop their livelihoods

25 studying self-funded bachelor's degrees

Our Approach

Inform, Involve, Educate and Empower

Our dedicated team continued to take the time to meet the children and families we support on a regular basis, both informally and formally, both individually and in group settings, to give them the opportunity to provide feedback on what support is most meaningful for them to help enable them to take charge of their lives. Again, this year our dedicated team:

- Conducted hundreds of home visits, school visits and phone calls to monitor the children's family, school and social environments.
- Continued to empower children and their families with, knowledge, skills, resources, and links to social support networks, through formal and informal meetings and capacity building trainings.
- Continued to take a participatory, community led approach, involving the children and families in identifying, planning, and implementing practical solutions that are useful and meaningful to them.

Our team conducted 1253 home visits and 439 school/college visits in 2021-22.

Our Programs in Action

Education Scholarship and Livelihood Programs

Giving children access to education while simultaneously helping build their families' capacity to improve their livelihoods and transform their lives.

Access to education in government or community schools in Nepal is still out of reach for many children, due to fees, extra books, stationery, uniforms, and other materials required. SCAI not only provides these basics but takes a holistic approach to the children's well-being that includes other physical, psychological, and social support that helps improve the children's overall environment.

In 2021-22 our support for the children/youth included:

- ✓ School uniforms, supplies, and fees.
- ✓ Clothing, medical and rent assistance in some cases.
- ✓ Regular visits to the children's schools and colleges.
- ✓ Regular home visits, phone calls and counselling.
- ✓ Career guidance and life skills training.
- ✓ Youth club and awareness building activities.

352 Children had access to education, school materials, and other vital support which provided greater equality and enabled them to stay with their families in 2021-22.

''My name is Kanti Tamang. I completed year 12 under the scholarship program of SCAI Australia. After graduating, I was fortunate enough to get a job with RUDEC Nepal, partner NGO of SCAI Australia as a ''Field coordinator'', where I am working as of today. Now I am using my own experience to help other children. I am earning a very good salary, which enables me to support to my family now".

-Kanti Tamang, Year 12 Graduate and Field Coordinator, RUDEC Nepal

"My name is Roj Bahadur Tamang and I am 16 years old. When I was in grade 3, my mother died after falling from a tree while cutting grass for our cattle. My father has a hearing impairment, and struggled to care for my sister and I, or fulfil our educational needs as he did not have any source of income at that time. I was about to drop out of school, then I got an education scholarship from SCAI Australia in 2018. This support brought a new strength to my life, and I was able to continue school despite my family condition. I studied hard and this year I sat my Secondary School Exams and obtained the highest marks in my school, 72.5%. I am very grateful to SCAI Australia for all this support.''

-Roj Bahadur Tamang, Secondary School top student

''My name is Sonia Tamang. My father remarried and left my mother alone. My mother could not manage my school expenses or daily needs as she had limited income as a daily wage farm worker. Because of this, my aunt adopted me, however, then my uncle remarried and left my aunt, so I was again I was in trouble as my aunt did not have any income. I was about to stop my study when I got education scholarship support from SCAI Australia. Now I am studying in class 10, and after studying hard, I got top of my class. I am very thankful to SCAI Australia for all this support and for enabling me to reach this stage."

-Sonia Tamang, class top student

"My name is Raj Kumar Kamar, and I am in year 12. I lost my father during the civil war when I was 3 years old. My brother was only 10 months at that time. We did not have enough land and my mother faced a lot of hardship as there was nobody to help support us. I was about to drop out of school when I got an education scholarship from SCAI Australia which allowed me to continue my education until the end. I extend my hearty thanks to SCAI Australia."

-Raj Kumar Kamar, Yr 12 student

Livelihood Development

To address the root causes of the issues faced by the children and their families, we focused not only on education of the children, but developing the capacity of their families to create more secure livelihoods. This in turn enables them to take greater control of their lives, including providing themselves and their children with better care.

In 2021-22 our support for student's families included:

- ✓ Monitoring of parent/guardian's savings and loans groups.
- ✓ Small Business Training (SIYB Training) and Career Counselling.
- ✓ Skill Development Training; Tunnel (greenhouse) farming and Livestock Farming.
- ✓ Financial contribution to the savings group's Revolving Fund (matching their savings).
- ✓ Home visits, phone calls and counselling.

303 Guardians made regular deposits through the community led savings groups, enabling them to take loans to start and strengthen their livelihoods in 2021-22.

Before the families joined the savings groups, most were living day to day, and struggling to meet the children's basic needs. Through their local savings groups, many are now on the path to independence after attending small business and skill development trainings, developing business plans, and with ongoing guidance from our team, are having success with **goat, buffalo, cow and ox rearing, poultry farming, vegetable/tunnel farming, pig farming, fish farming, tailoring, mill, operating small grocery stores and hotels.**

Sunrise Home

Temporary family-based care for children rescued from orphanages or other situations of abuse or neglect until they can be safely reintegrated back into family.

A safe, nurturing, home environment is vital for the physical, mental, and emotional well-being and development of a child. When this is not possible in a child's own immediate family due to death, abandonment, abuse or high risk, we provide full time care at Sunrise Home, with a range of activities for their personal development, until we can trace, re-connect and fully reintegrate the children into extended family.

In 2021-22 our support included:

- ✓ Basic physiological and safety needs, such as food, shelter, clothing, and medical care.
- ✓ Education at our local community school and extra-curricular activities.
- ✓ Regular counselling from our live-in counsellor, and various activities to help the children develop self-esteem, confidence, and daily life skills to equip them for life back in their communities.
- ✓ Tracing families who have lost contact and reconnecting children with their families.
- ✓ Regular assessment of options within the children's immediate or extended family to determine the best option for permanent care.

29 children were provided full care at Sunrise Home. 9 children were reintegrated back into their biological families in 2021-22.

Re-connecting children with their families

As soon as children join Sunrise Home, the process of family tracing and re-connection begins. After tracing immediate or extended family members, we re-assess the cause of separation and reconnect them wherever possible via phone and physical visits. After a series of visits to the family members they are most likely to be permanently reintegrated with, and a series of careful monitoring visits by our team, we proceed to permanently reintegrate the children back into their family.

"My mother passed away when I was 9 years old, and my father suffered from asthma, and was unable to afford my school expenses. Due to his poor condition and nobody to care for me properly, I got care and support at Sunrise Home. Sunrise found my older brother and sister who were in Kathmandu, and I started visiting them. Now I have been reintegrated with my own siblings. I am continuing my study with the support of Sunrise, and I am very happy to be with my brother and sister."

-Deval Devi Shahi

Reintegration Program

Tracing, re-connecting and reintegrating children back into their biological families and communities.

We strongly believe that no matter how good a home like Sunrise Home may be, the best place for a child to grow up is with their biological family and in their own communities. In the absence of their own parents, older siblings, aunts, and uncles have taken over their guardianship in most cases. To ensure the children are not at risk of unnecessary separation again and receive a good education and have their basic needs and rights met, our ongoing support is usually needed. We monitor reintegrated children for a minimum of 3 years, but often until they finish college (year 12) or equivalent.

After thorough assessment, 9 more children from Sunrise Home were returned to their families and villages, to mothers and step fathers, extended maternal families, older siblings, and fathers and step mothers.

In 2021-22 our support included:

- ✓ School uniforms, supplies, and fees.
- ✓ Clothing, toiletries, food, rent and medical assistance if needed.
- ✓ Regular monitoring visits to the children's schools and colleges.
- ✓ Regular home visits, phone calls and counselling.
- ✓ Career guidance, Life Skills training for graduates, and extra-curricular activities.

9 more children were permanently reintegrated back into biological family and 45 children and youth received ongoing support in 2021-22.

“My mother was mentally sick, and my father left us and went missing when I was very young. Sunrise provided me shelter and care along with my twin brother Ram. I was recently reintegrated with my mother and stepfather as my mother recovered fully. Sunrise is providing us academic and food support and I am happily living with my family.

- **Laxman Kapali, class 7**

"My father was an alcoholic and my mother eloped and got remarried, so I didn’t know where she was. After that I was able to go and live at Sunrise Home for my care. Sunrise found my mother and now I am back living with my mother and sister and Sunrise is providing me educational support. I am very happy with my family”.

- **Ajita Shrestha, class 2**

“My father passed away when I was young. I had two siblings, a sister and a brother. My mother eloped and remarried, and she was not in contact with us. Then, Sunrise provided me, and my siblings shelter and care. Sunrise traced my mother and stepfather and now we have been reintegrated with them. Sunrise is providing education, food and rent support and I am happily living with my family currently.”

- **Purnima Tamang, class 10**

“My mother died, and my father remarried and went missing. I joined Sunrise in 2021. Sunrise traced my father and now I am reintegrated with my father and stepmother. I am now getting education and food support from Sunrise. I am happy to be living with my family.”

- **Puja Budathoki, class 3**

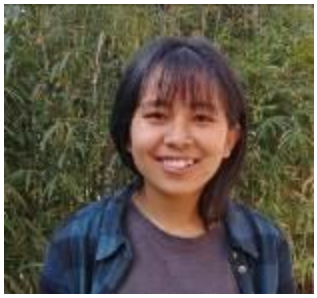
Where Are They Now?

Year after year we are delighted to see so many youth continue on their positive journeys after our financial support ends. With a solid foundation of college (year 12) or a diploma and a positive attitude, several more of the youth have taken further steps towards bright, independent futures. See our Annual 'Where Are They Now' Newsletter for many more.

Dewaki Shrestha (now 21 years) passed Secondary School in mid-2018**.** She then volunteered as a teacher for a month before joining year 11 in the Humanities stream. Deewaki completed year 12 with B+Grade in mid-2020. She then joined **Bachelor's in Social Work** and is now in 2nd year.

Bibhu Limbu (now 20 years) passed Secondary School **with A grade (84%)** in mid-2019**.** He then volunteered for 3 months as a teacher, before joining the management stream at college whilst working part time. Now he is studying a **Bachelor of Business Studies.**

Suruchi Mainali (now 20 years) passed Secondary School in mid-2018**,** and then joined year 11 in the management stream. Suruchi completed year 12 with B Grade in mid-2020, then **started a Bachelor of Business Studies**, and is now in 2nd year.



Palsen Lama (now 26 years) passed Secondary School in 2013 in 1st Division, then finished year 12 in 2015. She has just **completed her 3-year Bachelor's Degree in Social Work** and is following her passion working at an organic café, and working out how to combine her passion for food and community work.

Roshan Lama (now 29 years) passed Secondary School in 2011 in high 1st Division, then graduated from a 3-year **Diploma in Civil Engineering** in 2014. Since then, he has been **working as a sub—engineer for various NGO's.** He is now married with one child.

Community School Development

Helping keep youth with their families by expanding and improving the quality of education in our local community.

Pre-school, secondary school, English medium and modern, interactive teaching methods and facilities, continue to draw children and youth away from their rural families to schools in Kathmandu and other urban areas. Often children are sent to orphanages or to work as part-time house helpers in the city in pursuit of these facilities.

In 2012-13 SCAI bought land and constructed a double storey school building of 14 rooms to accommodate the local community school. Nepali medium was extended to the end of secondary school, and English medium was added from Pre-school through to Secondary School. Since then, SCAI has continued with a range of operational support.

In 2021-22 our support included:

- ✓ Funding 2 qualified, English speaking, secondary level teachers.
- ✓ Providing a light, spacious, school building and grounds, with sports field and children's playground.
- ✓ Interactive learning software.
- ✓ Regular monitoring and guidance.
- ✓ Psychosocial counselling training to teachers

9th group of students has now been able to complete Secondary School (SEE)at our local community school, avoiding them having to leave their homes for the city

Summary of our key impacts so far

SCAI has provided **1301** children with education scholarships who are now much less likely to be trafficked, be married early, be forced into child labour, be sent away from home, or drop out of school.

A total of **356** youth finished school and **118** have finished college (year 12) or a 3-year diploma through SCAI's sponsorship so far.

320 guardians have had the opportunity to take loans to start or strengthen their small businesses through the SCAI initiated savings groups.

SCAI has cared for a total of **185** children full time at Sunrise Home.

151 (82%) of these children have been safely reintegrated back into immediate or extended families so far.

Over **140** children and youth have been supported through the reintegration program, providing support for school, college, and other basic needs.

Our SCAI Community

The SCAI community is made up of staff, sponsors, donors, volunteers, event supporters, committee members and various stakeholders, each of whom contribute to the success of SCAI and our programs in Nepal.

Our Staff

Our dedicated team from SCAI and our NGO partners continued to work tirelessly this past year to plan, implement, monitor, and evaluate our programs and impact in Nepal. We continued to learn, inspire, and be inspired, by the children, youth and families we walk hand in hand with.

SCAI Team

Emma Taylor, Co-Founder / CEO
Raj Kumar Lama Tamang, Country Manager (Nepal)

Namita Hamal, Finance and Admin Officer (Nepal)
Bishnu Chaudhary, Livelihood Development Officer (Nepal)

Our NGO Partners

RUDEC Nepal – 5 staff
Sunrise Org Nepal - 6 staff
CSN Nepal – 2 staff

A word from Raj, Country Manager, SCAI Nepal

"We have been working in Nepal for vulnerable children and ultra-poor communities. We have been working in order to prevent unnecessary family separation of children from their biological family. We work closely with governmental bodies to provide interim care to unaccompanied and separated children and reintegrate them back with their families/relatives wherever possible. It brings us immense pleasure when we see smiling faces of children and family when they get reunited. This smile encourages us to work further, guided by SCAI mission and vision to prevent family separation and strengthen family unity."

Our Sponsors and Donors

Despite the challenges posed by Covid over this past couple of years, our dedicated supported have maintained their generous support, for which we are extremely grateful.

5 Major Project Sponsors

Kathmandu Kids, Australia
Geoff Sam, Australia
Paul Hameister, Australia
Paul and Rose Cody, UK
Große für Kleine Kinderfonds Foundation, Germany

Funds from these incredibly generous sponsors who have each donated over **$90,000** to date, continued to go towards the education scholarship and livelihood development programs and community school.

Special thanks to the amazing team at **Kathmandu Kids** who have supported us for over 13 years and raised almost **$600,000** so far to support our work!

141 Individual Monthly Sponsors

Funds from our monthly sponsors continued to go towards Sunrise Home, the Reintegration Program and one of our education scholarship programs. Special thanks to Angus Sobels and Santosh and Anju Verghese who have donated **over $75,000** each so far!

89 One-off donations

In 2021-22, one-off donations were used to support some of the children taken into Sunrise Home in emergency rescues, the Sunrise graduates Mountain Challenge Fundraiser, SCAI's 16th Birthday, and other program activities not supported by our regular sponsors.

Fundraising

SCAI Events

After Covid restrictions resulted in several delays, the SCAI events in Adelaide and Melbourne finally went ahead in October 2021 and April 2022 respectively. **'Dining at Sunset, Bringing Hope at Sunrise' dinner and entertainment** event in Adelaide **and 'Finding Answers for the Children of Sunrise' Trivia Night** in Melbourne, raised around **$25,000 profit** each.

Thank you to everyone that supported the events through attending, volunteering, donating auction and raffle prizes, food and wine, shopping at the Nepali markets, making donations and sponsoring children.

Sunrise Mountain Challenge, Nepal

The team of 5 youth and 2 staff undertook the challenging 9-day trek in late 2021 to **help raise funds for 20 highly vulnerable children, to enable them to stay safely in school and with their families.** The inspiring graduates from our Reintegration and Education Scholarship programs know what it is like to struggle for their basic needs and were determined to support the next generation, to ensure they don't miss out on the same opportunities they had.

In addition to trekking, they also stopped along the way to conduct awareness programs to help prevent child marriage, delivering powerful speeches and street dramas, in conjunction with some of the local youth club members in the local villages.

The youth faced very steep, remote and challenging terrain, blisters and illness over their 10–12-hour days, but battled on with determination and smiles, and **successfully completed the challenge, raising over $5000. Thank you to everyone that supported their huge effort!**

Our Fundraising Challengers

Each year we are blessed to have some very kind friends who make special efforts to raise funds for SCAI and our work in Nepal.

Lasang Tamang – raised $4,444 Lasang and Rojina from Nepal, requested wedding guests donate to SCAI in lieu of wedding gifts. Their wedding took place in the US where they are currently living.

Oscar Noto – raised $1,000 Oscar and Yulia from Italy, requested friends and family to donate to SCAI in celebration of their daughter Sara's christening.

Pat Killelea – raised c.$35,000 since 2008! Long term sponsor and volunteer 'Nana Pat', continued to promote Sunrise through talks to generous seniors on the Central Coast, sharing her first-hand experience of our work in Nepal.

Thank you also to everyone that continued to help raise funds through various initiatives and helped raise awareness about our valuable work.

Our Governance and Management Teams

SCAI Australia
Management Committee

Geoff Sam, OAM	Chair
Kate White	Secretary
Ivo Kavelj	Treasurer
Sarah Thom	General Committee Member
Dr Leigh-Anne Claase	General Committee Member
Emma Taylor, OAM	General Committee Member (CEO)

Public Fund Committee

Dr Susan Phillips	Chair
Paul Hameister, OAM	Committee member
Deborah Sykes	Committee member
Corey Hale	Committee member

SCAI is an incorporated association, incorporated under the South Australia Association Incorporations Act 1985, and registered as a charity under the Australian Charities and Not-for-profits Commission (ACNC).

SCAI was endorsed as a Deductible Gift Recipient (DGR) in 2010, enabling donations $2 and over to be tax deductible in Australia. All gifts and deductible contributions made for our charitable purpose are held in a separate Public Fund, administered by the three Public Fund Trustees.

Risk Management

Due to the nature of our work, there will always be risks. SCAI has a comprehensive Risk Management Policy and Framework and a Risk Register, designed to identify, evaluate and mitigate risks, which is reviewed on a regular basis by the management team and the Risk Management Officer. This is reported to the board at the quarterly meetings.

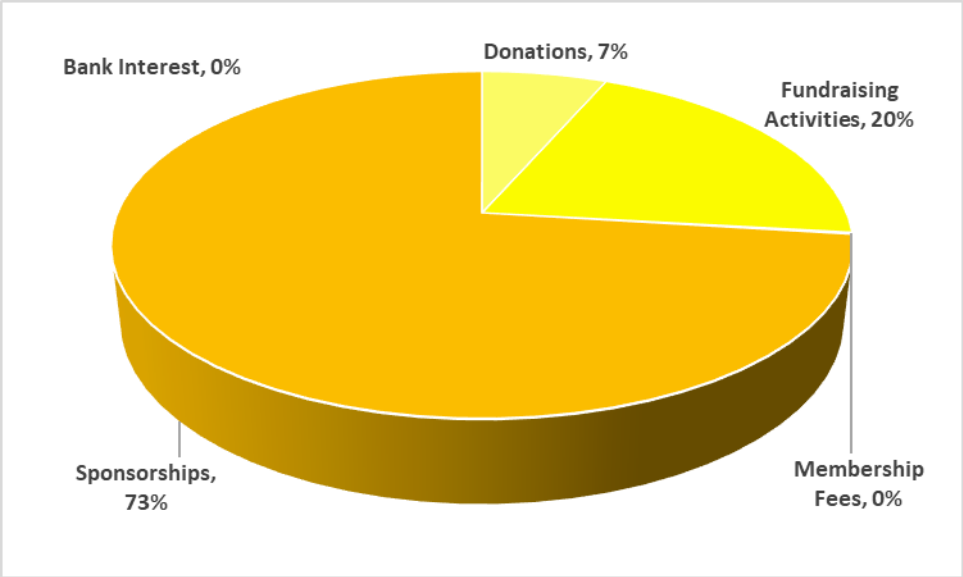
Financials

We are proud to maintain our high level of transparency and accountability and deliver our programs in an effective and efficient manner again in 2021-22.

Income	**2021**	**2022**
Bank Interest	$87	$46
Donations	$33,980	$20,394
Fundraising Activities	-	$63,723
Government Subsidies	$31,766	-
Membership Fees	$240	$510
Sponsorships	$279,198	$229,065
	$345,271	**$313,738**
Expenditure		
Audit Fees	$1,540	$1,925
Bank Fees and Charges	$173	$217
Bookkeeping	$1,868	$1,675
Fundraising Expenses	$0	$16,432
Fundraising Support	$0	$1,627
Give Now Charges	$1,314	$12
Insurance	-$218	$2403
Marketing/Website	$442	$283
Programs Nepal	$220,500	$273,883
Program Support	$26,250	$40,294
Staff Salary & Expenses	$26,250	$38,750
Super	$4,988	$6250
Telephone/Internet	$254	$599
	$283,361	**$384,349**
Operating Surplus	$61,910	-$70,611
Accumulated Surplus	$297,673	$227,063

Total Income of $313,738 in 2021-22 was **down from $345,271** in 2020-21, a **decrease of $31,533 (9%).** This was largely due to a decrease in sponsorships (-$50,133), government subsidies (-$31,766), and one-off donations (-$13,586) as expected, offset by an increase in fundraising income from events in Melbourne and Adelaide ($63,723).

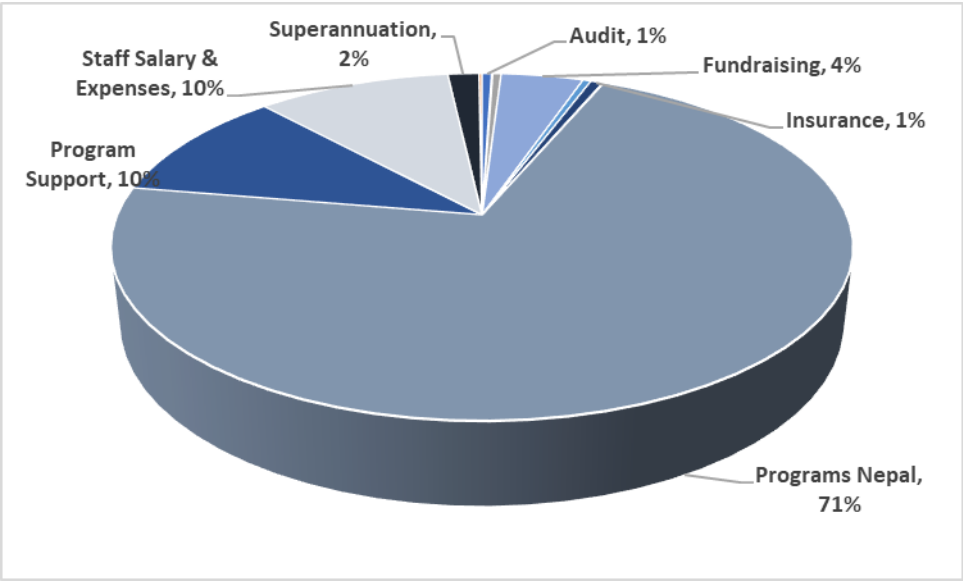
% Income by source



In 2021-22, 73% of Income came from project Sponsorships, **20%** from Fundraising Activities, **7%** from Donations, and less than 1% from Membership Fees and Bank Interest. The % from Sponsorships and Donations is 11% less than in 2020-21 due to the inclusion of Fundraising Activities in 2021-22.

Total Expenses of $384,349 in 2021-22 was **up from $283,361** in 2020-21, an **increase of $100,988 (almost 36%).** This was largely due to an increase in Programs in Nepal and Program Support ($67,427), Fundraising Expenses ($18,059), and Staff Expenses ($12,500).

% Breakdown of expenditure

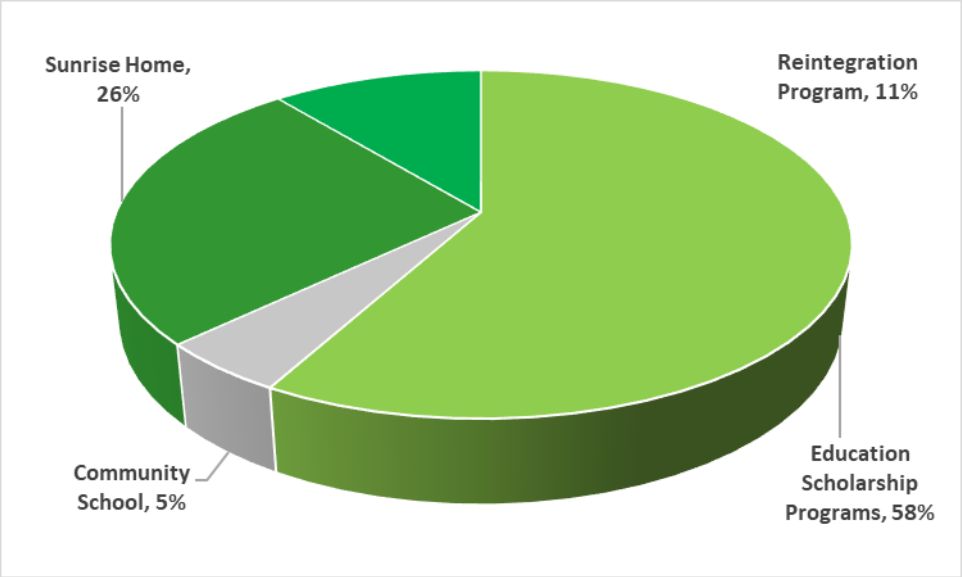


Due to the inclusion of Fundraising Expenses in 2021-22, the % spent on Nepal Programs and Support was slightly less than the previous year, but as mentioned above, the actual spend was $67,427 higher in 2021-22. All other expenses remained a similar %.

Program Activities in Nepal

Education Scholarship programs (including Livelihood Development) accounted for 58% of spend in Nepal in 2021-22, with Sunrise Home and the Reintegration Program accounting for 26% and 11% respectively.

The % of these three core programs are up from 83% to 95% in 2021-22 as 2020-21 included funds donated specifically for Covid Isolation Centres and the Winter Sweater campaign.



SCAI finished the 2021-22 year with an Accumulated Surplus of $227,063, most of which is committed to existing activities.

Further details can be found in our full Audited Financial Statements 2022, prepared by Accru Harris Orchard, at www.scai.org.au and in our regular project Newletters.

Thank you sincerely for your support
